

SUS/NASA Quick Feedback Questionnaire

AI-Assisted Reading Support vs. Highlighting

In the application, this questionnaire appears as a pop-up/modal after each comprehension quiz. The marker at the top changes according to the mode just used, for example: Manual Highlighting, Main Ideas Support, or Chatbot Support.

Quick Feedback

Please answer these questions about the reading support mode you have just used. Your feedback helps us understand usability and perceived workload.

Metadata stored automatically: Participant ID, task number, article ID, interaction mode, and submission timestamp.

SUS scale: choose a number from 1 to 5 for each statement.

System Usability Scale

1. I think that I would like to use this reading support mode frequently.

Scale: 1 = Strongly disagree, 5 = Strongly agree
